Index to *The Journal of Business Communication*, Volume 19, Numbers 1-4

This index covers Volume 19 of *The Journal of Business Communication.* It is arranged by author/title, title/author, and keyword. Book reviews are indexed separately.

The numbers 19 : 1 : 3-12 : Winter 1982 represent the volume, issue, page numbers, and date respectively. In the case of book reviews, only the beginning page of the review is given. The name appearing at the end of each book review citation is that of the reviewer or the review editor.

The author index includes the names of all authors. In other words, where there is more than one author for any article, entries are made under the name of the coauthors also.

The title and keyword indexes together provide a subject approach. Some titles are straightforward and provide in themselves a subject approach. Where the significant idea is buried in a title, the keyword index provides a better access.

The Index to Volumes 1-10 was published in Summer 1976 (Vol. 13, No. 4); the Index to Volumes 11-16 was published in Fall 1979 (Vol. 17, No. 1). Subsequent indexes have appeared annually; the preceding volume's index appears in the first issue of the subsequent volume.
